

RADIAL MINING TIRES

G-PRO MINE 142GR (E-4)

MAIN FEATURES

Steel ply and special tread compound guarantee performance and resistance to cuts and punctures.

Tread designed for protection and reinforced shoulder ensure abrasive operations.

Deep tread grooves optimize ground contact and ensure excellent durability in abrasive soils.

APPLICATION:

TIRE SIZE	TRA CODE	PLY RATING	TYPE	RIM SIZE WIDHT	OVERALL DIAMETER		SECTION WIDHT		TREAD DEPTH		MAX LOAD CAPACITY
